

What is Mural In A Box?

The Stream of Dreams Mural In A Box is the Virtual application of our award winning Fish on Fences program. Our amazing educators provide the program LIVE online so students can ask questions and enjoy an interactive experience. Stream of Dreams provides all the wooden fish & art materials for painting the fish. Once all the fish are painted, our design team will create your school mural.

The entire school participates, staff as well as students!

What is the cost of the Program?

The total cost of Stream of Dreams® is \$15 per student. This includes all the education and painting materials including a handmade wooden fish for each student. Travel fees will be included for schools more than 10km from the mural design team's home base. For small schools there is a 100 student minimum charge. Please ask us about fundraising, we are happy to help!

What does our school have to do?

Your project team gets staff, students and parents excited about the project and arranges for volunteers to raise funds, schedule the workshops and help with the installation. Our team will meet virtually with teachers ahead of classes to provide helpful tips on running the art room in their class. We can present to up to 6 classes per day. Book early to ensure your school can participate: info@streamofdreams.org
